5. Student led conferences March 19th
 - a. Numbers
 - 57 of 74 grade 4
 - 38 of 61 grade 5
 - 42 of 73 grade 6

SLC numbers are down from October – only had 1 day for SLC due to the unknown for teacher strike. Lots going on during this time of year for extra-curricular so that is another reason numbers could be down. Historically, more engagement is shown at SLC in October than March. Had quite a few hot dogs left over so have been using them for hot dog sales within the school.

7. Division Feedback/Opportunities for SCC

Reviewing the documents that were sent out it was decided SCC should be using the pre-planning guides dates and budgets.

In the Administrative procedures, our feedback was it is a challenge to get enough members and a diverse group of members.

Under student fees- Supplies for projects are provided by the school but anything above and beyond may be purchased by the parents. SCC would like fundraising to be considered for extra-curricular activities and not just curricular activities. Ex) Track group making cookies and having a bake sale to raise funds for their club.

SCC roles and responsibilities- we all enjoyed Stacey's presentation and thought it was informative. It would've made sense and saved some of Stacey's time if all the local SCC's got together for this meeting instead of individual meetings.

Next meeting scheduled for Wednesday June 5 at 4pm.

Jessica motioned to adjourn the meeting at 5:02pm.
